**Abstract:**

## **Team internal discussion**

1. The junior student talked about what they've been doing recently and exchanged notes with the teacher. Came up with each other about practicable methods and creative ideas.
2. As we just finished the advance publicity, we summarized what we had done. We got a conclusion that our publicity could have done better if we make it much easier for people to understand and we really should attract talent from other major.
3. Chang Liu summarized and talked about the plan of what the web-page group will do.
4. The design for our Team logo, we made it by the typical grains from our university. It was fantastic! Right ?
