

18th april 2013 thursday

We hadn't meeting on 2 and 4 april, we had some exams so, the big meeting happened today.

As a result,

We have 3 project. We will go on 3 of them and with the time, we will choose one of them.

Project 1-apoptin

Project 2-HIV

Project 3-crispr

Eucaryote

Procaryote

Everyone should download DNA 2.0 software.
