Abstract:

Team internal discussion

- 1.We discussed the logo design.
- 2.About the arrangement for the sophomore. The task was to get to know how Rabies is transmitted and do some surveys about the Ethical background. It's also an obstacle.
- 3.We made a survey among the members just to make sure how many people will stay at here in whole July.
- 4.The next step for Wiki team and Human practice team is that.

At the beginning of July, we expected to finish our design for the team logo, the translation of our meeting records and web page.

5. The specific arrangement for the participants.
